●●● Afterword ●●●

And that concludes volume 4... how does everyone feel?
Thank you so much for reading until the end.

☆ Volume Announcement ☆

Up until volume 4 there have been 5 chapters per volume, but from volume 5 onward there will be 4 chapters. The volumes will go on sale a little earlier.

I'm terribly sorry for changing the chapters like this.

But because of that, the pages per chapter will increase a little. I feel like we'll be able to complete the volumes faster than previously. Thank you for your understanding.

(And of course I'll do my best to continue writing...!)

Let's keep having fun. I'm working with all my might. Please keep supporting me.

So with that, I hope to see you guys against in volume 5...!
